

# ATTENTION ALL MUA CUSTOMERS

## CONSERVE WATER!!!!

Spring has sprung and temperatures are on the rise. In preparation for the summer season and as lawn irrigation systems are turned on, car washing begins, The West Milford MUA is asking its customers to **conserve water usage as well as use an odd/even schedule for outdoor watering to avoid the potential of stringent summertime water use restrictions.**

The West Milford MUA is asking its customers to adopt odd/even watering for lawn irrigation this summer as it will assist us in managing a finite supply of water. In past years, customers have helped reduce water demands when asked, and the hope is for continued cooperation.

**The odd/even outdoor water use schedule being suggested works as such:**

- **Watering your lawn or garden should occur only on odd days of the month if your street address is an odd number (i.e., 23 Main St., 7 Maple Ave.)**
- **Watering your lawn or garden should occur only on even days of the month if your street address is an even number (i.e., 6 Main St., 354 Maple Ave.)**
- **It is also suggested that watering of lawns be done early or late to minimize evaporation, typically between 6 a.m. and 9 a.m. and from 5 p.m. to 8 p.m.**

Please help your water system and its supply by conserving unnecessary water usage. Currently there is not a 100% ban in place and we are trying to avoid such drastic restrictions, however, if water demands continue to significantly increase or supplies continue to significantly decrease, formal and stricter water restrictions will be needed to ensure continued water service. We have enclosed some handy water usage facts for your reference so that each customer can determine where they can conserve.

For more information and more tips on how to conserve water, visit [www.nj.gov/dep/watersupply/conserv.htm](http://www.nj.gov/dep/watersupply/conserv.htm). In the meantime we ask that each customer adhere to the above schedule and use water conservatively.

Thank you for your continued patronage! We are always here to help please feel free to contact us at 973-506-7330 or log onto our website at [www.westmilfordmua.org](http://www.westmilfordmua.org) for further information.
