

NOTICE

HYDRANT FLUSHING

West Milford MUA Customers

Please be advised that the West Milford Municipal Utilities Authority will be commencing its annual Spring Hydrant Flushing Monday thru Thursday beginning Monday April 27, 2015 between the hours of 9:00am and 2:00pm. The flushing program is expected to continue for approximately four weeks ending May 22, 2015. This is one of the steps we are taking to improve the quality of our water.

During this time you may experience decreased water pressure and discolored water, please check the water prior to washing clothes as staining may occur. Should discoloration continue for more than 24 hours after flushing occurs you may call the MUA to report it at 973-506-7330 between 9am and 3pm Monday thru Friday

We regret any inconvenience this may cause our customers.

Thank you.
